Residents' Network

7 September 2020

Dear residents of Toh Yi estate,

HOME IMPROVEMENT PROGRAMME (HIP) FOR TOH YI RESIDENTS

In my letter dated 8 January 2020, I had informed you that I applied for HIP on behalf of the Toh Yi estate (Blocks 1 - 19), through the Holland-Bukit Panjang Town Council, pending MND and HDB's approval. I am pleased to inform that Toh Yi estate is selected among the next batch of HIP projects. In addition, Toh Yi estate will benefit from higher quality fittings and finishes, as well as a new design for the external clothes drying rack.

The retractable clothes drying rack with poles extended within the frame to dry laundry (left) and with poles retracted when hanging or retrieving laundry (right)

2 The Enhancement for Active Seniors (EASE) programme, which makes HDB homes more elderly-friendly, will also be offered as part of the HIP. It is highly subsidised for Singapore citizen households.

3 Moving forward, HDB will prepare to engage a Design & Build contractor team to implement the HIP works. We will be working closely with HDB during this project. Please expect more details soon.

4 If you have any HDB-related queries, you may contact HDB Clementi Branch at 1800-2255432 or email bcladmin@mailbox.hdb.gov.sg.

5 I trust and hope that the HIP will bring about rejuvenation to our homes in Toh Yi and greater convenience in daily living. Thank you for your support, understanding and patience.

Yours sincerely

Ms Sim Ann
